

Specimen Label

- Kills Bedbugs
- Kills Lice
- Kills Dust Mites
- Kills Ticks & Fleas

KEEP OUT OF REACH OF CHILDREN

CAUTION

See reverse for first aid and precautionary statements.

ACTIVE INGREDIENTS:

3-phenoxybenzyl-(1RS, 3RS, 1RS<3RS)-2,	
2-dimethyl-3-(2-methylprop-1-enyl) cyclopropanecarboxylate	0.40%
*N-Octyl bicycloheptene dicarboximide	1.60%
OTHER INGREDIENTS	98.00%
	<u>100.00%</u>

* MGK® 264, Insecticide Synergist

- For indoor use in the home and non-food areas of restaurants, schools, nursing homes, warehouses, offices, apartments, hotels, motels, kennels, and hospitals.
- Not for use on humans or animals.
- Will not stain water-safe fabrics and surfaces.
- Kills Adult Lice and Nymphs as they hatch on bedding, garments, furniture, and other inanimate objects.
- Kills Dust Mites on contact.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

THIS PRODUCT IS NOT FOR USE ON HUMANS:

If lice infestation should occur on humans, use a product labeled for use on humans.

Shake well before each use. Remove protective cap. Aim spray opening away from person. Push button to spray. Vacate room after treatment and ventilate before reoccupying. Do not allow children or pets to contact treated areas until surfaces are dry.

TO KILL LICE:

Spray in an inconspicuous area to test for possible staining or discoloration. Inspect again after drying, and then proceed to spray entire area to be treated. Hold container upright with nozzle away from you. Depress valve and spray from a distance of 8 to 10 inches. Spray each square foot for 5 seconds or until damp. Spray only those garments, parts of bedding, including mattresses and furniture that cannot be either laundered or dry-cleaned. Allow sprayed articles to dry thoroughly before use.

TO KILL TICKS AND FLEAS:

Spray around beds, furniture and pet's habitat. Spray pet sleeping quarters, bedding, floor and floor covering where pets are kept. Repeat as necessary. Use only a recommended pet spray on pets.

TO KILL DUST MITES:

First thoroughly vacuum entire room concentrating on areas where mites congregate: such as mattresses, box springs, headboards, walls, floors, carpeting, and baseboards. Then spray surfaces until damp. On mattresses allow spray to dry thoroughly before replacing bedding.

TO KILL BEDBUGS:

Apply as a spot treatment to cracks and crevices, around baseboards, floorboards, headboards, and walls. First thoroughly clean and air mattresses and springs. Then spot treat only areas that may harbor pests. On mattresses concentrate on tufts, folds, and seams. Repeat as necessary.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal

STORAGE:

Store in a secure, preferably locked storage area that is cool and dry.

DISPOSAL:

Do not puncture or incinerate!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Do not use in commercial food/feed processing, preparation, and food/feed storage or serving areas. In the home, all food/feed processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Exposed food/feed should be covered or removed. Remove pets, birds and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

FIRST AID

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF ON SKIN

OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF SWALLOWED:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.
